Rooftop Pavilion

Studio Edwards Architects

Project Overview:

PROJECT: Private Residence Rooftop Pavilion and Plunge Pool.

PROBLEM: Weight, load and build limitations of underlying building structure.

NEED: Low-maintenance, lightweight materials that enhance aesthetic appeal of building and able to crane into position as a complete unit.

SOLUTION:

- TerraGrate Minimesh FRP Grating,
- TerraGrate Minimesh FRP Stair Treads,
- Lightweight - whole unit able to be craned into place
- Highest P5 Non-Slip Rating
- Colour-matched to architectural designs
- Suitable for exposed position

Batemans Bay

Eurobodalla Shire Council

Project Overview:

PROJECT: Batemans Bay Viewing Platform, NSW

PROBLEM:

- Raised location fully exposed to the elements
- Limited Access
- Fire Risk Area

SOLUTION:

- Terra Firma Manufactured Platform to specific size, weight, and configuration
- Reduce installation time
- Strong, durable, non-corrosive
- Pet-friendly and Heel-safe
- Highest rated (P5) integrated, anti-slip surface for added safety

PRODUCTS:

- Terra Firma FRP Platform
- TerraGrate FRP Minimesh grating

Mt. Sturgeon

Parks Victoria

Project Overview:

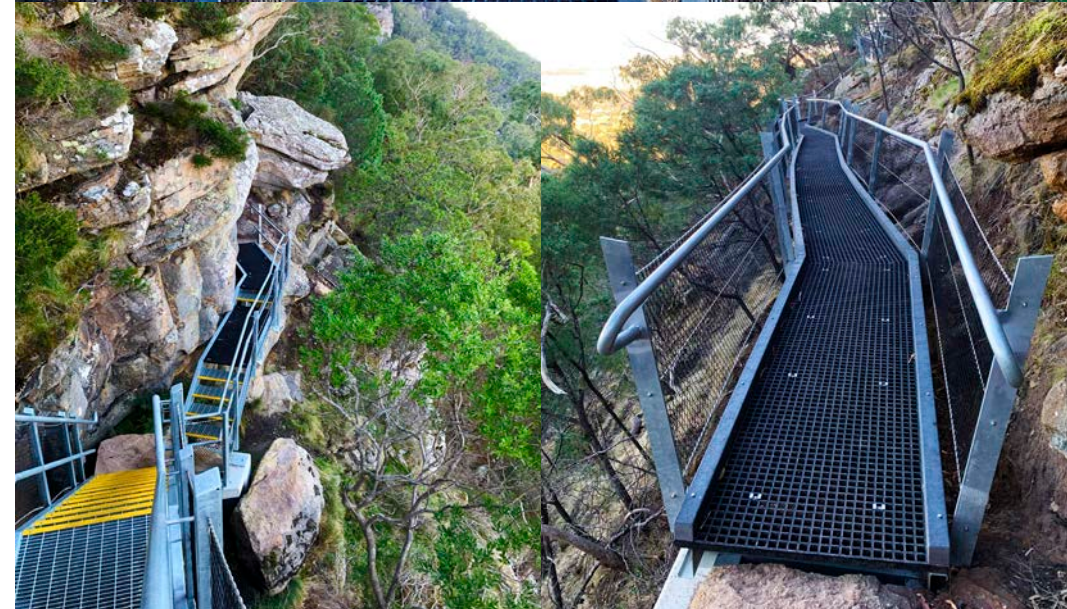

PROJECT: Mt. Sturgeon Walkway - Grampian (Gariwerd) National Park.

PROBLEM:

- Remote Area
- Steep and Inaccessible
- Fire Risk Area
- Complex Configurations
- Required Helicopter Access with weight of load restrictions

SOLUTION:

- Terra Firma Manufactured Walkway to specific size, weight, and configuration
- Adaptable to different fixtures and framing
- Durable
- Non-corrosive
- Lightweight for optimal load efficiency
- Fire resistant

Ramada Resort

Wyndham Hotel Group

Project Overview:

PROJECT: Ramada Resort Walkways, Stairs, and Access Paths

PROBLEM: High levels of maintenance and slip-risk with traditional wooden walkways

NEED: Low-maintenance, non-slip walkway that enhances aesthetic appeal of resort

SOLUTION:

- TerraGrate MiniMesh FRP Grating
- TerraGrate MiniMesh FRP Stair Treads
- TerraGrate MiniMesh FRP Stair Nosing
- Lightweight
- Highest P5 Non-Slip Rating
- Colour-matched to surrounding infrastructure
- Suitable for aggressive seaside environments
